Education

Indian Institute of Technology (IIT), Dharwad

Bachelor of Technology in Computer Science Engineering

(Expected Graduation:05-2025)

Projects

University Analysis System

HTML, CSS, JavaScript, PHP, MySQL

Designed and implemented a comprehensive University Analysis System to streamline academic processes. Developed a user-friendly interface for students and administrators, enabling efficient data management and analysis. Technologies used include HTML, CSS, JavaScript, PHP, and MySQL.

Facebook Clone

PostgreSQL, Python

Built a Facebook clone with a focus on database design and backend functionality. Implemented features such as user profiles, friend requests, and post interactions. Utilized PostgreSQL for data storage and Python for backend development.

Technical Skills

- Programming Languages: Python, JavaScript, PHP
- Database Management: MySQL, PostgreSQL
- Web Development: HTML, CSS
- Version Control: Git
- Software Engineering: Software Development Life Cycle (SDLC)
- Problem Solving and Algorithms
- extracurricular activities or leadership roles
